### Who We Are.

At Yav Pem Suab Academy (YPSA), our vision is to develop lifelong scholars and LIFESKILLED leaders, enabling them to become responsible citizens in the world. We are in the business of educating children, and our mission is to grow and nurture all children to become high-performing individuals through a body-brain compatible education.

In the process of educating children, we ask that our parents be our partners, and work with us. It is only through our collective effort that we build capacity in our scholars through their everyday learning. The success of every child depends heavily on how much we work together towards our vision, our mission, and our goals. Work with us, and together, we can define and create our own success.
