#### 1. Narrative Description of Arts and Music Education Programs Funded

Yav Pem Suab Academy's Proposition 28 Arts and Music Education Plan was adopted by the Urban Charter Schools Collective Board on April 29, 2025, with implementation scheduled for the 2025-26 school year. Because the plan was finalized late in the 2024-25 fiscal year, no expenditures are reported for this cycle.

The adopted plan outlines a comprehensive vision to expand access to arts and music education while fostering cultural pride and strengthening community engagement. Planned initiatives include increased opportunities for scholars to participate in music, visual arts, and performing arts; the purchase of instruments, art supplies, and digital arts tools; and culturally relevant projects such as the development of a Hmong Village (Quad), ball wall murals, and a Hmong History Museum.

The program emphasizes culturally sustaining pedagogy and partnerships with local artists and cultural organizations to provide authentic learning experiences. Professional development for teachers will support effective integration of arts education into core instruction. Progress and outcomes will be measured through board updates, surveys, audits, and future annual reports to ensure alignment with the goals of Proposition 28 and the needs of the YPSA community.
