## 7.1.6 Review and Adopt Parent Involvement Policy

In support of establishing strong, healthy, and systematic school, family, and community partnerships statewide, the California Department of Education (CDE) engaged the assistance of the California Comprehensive Center at WestEd (CA CC) to develop a tool describing expectations and implementation strategies for integrated family engagement within state educational programs.

YPSA intend to provide guidance to educators, districts, schools, families, and communities as they plan, implement, and evaluate strategies across multiple programs for effective family engagement to support student achievement and close the academic achievement gap.
