School Year: 2024-25

LEA Contact Information: Mary Lor

# LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Yav Pem Suab Academy

CDS Code: 34 67439 0121665

School Year: 2024-25

LEA contact information: Mary Lor

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

## Budget Overview for the 2024-25 School Year

### Projected Revenue by Fund Source

This chart shows the total general purpose revenue Yav Pem Suab Academy expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Yav Pem Suab Academy is \$6,920,109.00, of which \$5,632,902.00 is Local Control Funding Formula (LCFF), \$1,083,396.00 is other state funds, \$0.00 is local funds, and \$203,811.00 is federal funds. Of the \$5,632,902.00 in LCFF Funds, \$666,188.42 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

# LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Yav Pem Suab Academy plans to spend for 2024-25. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Yav Pem Suab Academy plans to spend \$6,966,510.00 for the 2024-25 school year. Of that amount, \$5,907,903.00 is tied to actions/services in the LCAP and \$1,058,607.00 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

General Fund expenditures not included in the LCAP, which are part of business operations, primarily cover rentals, leases, non-capital improvements, operating and housekeeping, insurance, dues and memberships, and communications.

## Increased or Improved Services for High Needs Students in the LCAP for the 2024-25 School Year

In 2024-25, Yav Pem Suab Academy is projecting it will receive \$666,188.42 based on the enrollment of foster youth, English learner, and low-income students. Yav Pem Suab Academy must describe how it intends to increase or improve services for high needs students in the LCAP. Yav Pem Suab Academy plans to spend \$666,188.42 towards meeting this requirement, as described in the LCAP.

# LCFF Budget Overview for Parents

## Update on Increased or Improved Services for High Needs Students in 2023-24

This chart compares what Yav Pem Suab Academy budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Yav Pem Suab Academy estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2023-24, Yav Pem Suab Academy's LCAP budgeted \$664,865.00 for planned actions to increase or improve services for high needs students. Yav Pem Suab Academy actually spent \$664,865.00 for actions to increase or improve services for high needs students in 2023-24.

# 2023–24 Local Control and Accountability Plan Annual Update

The instructions for completing the 2023–24 Local Control and Accountability Plan (LCAP) Annual Update follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone

## Goals and Actions

### Goal

Goal #	Description
1	Credentialed teachers are employed and equipped with the knowledge and understanding of the YPSA charter petition to achieve its goals, outcomes, and objectives. (State Priorities 1, 2, 4, 5, 6, 7, 8)

## Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Teacher Credential Log	100%	100%	100%	100%	100% of teachers are credentialed
Classroom Walkthrough Observation Tool	0%	0%	95%	50%	100% of strategies and knowledge from trainings and PDs are implemented in the classroom
Teacher Tool and Resource Inventory List	0%	0%	95%	100%	100% of tools, resources, and materials received and utilized by teachers in the classroom

Active Employee Roster from Payroll System (Same as Goal 3,5 & 6)	0%	82.14%	83%	100%	100% of support staff positions filled
--	----	--------	-----	------	--

### Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

100% of teachers hired in TK-6 classrooms are credentialed and assigned to grade level classrooms according to the needs of the school. Due to administrative transition, five classrooms were selected to be included in the classroom observation tool data collection held on a bi-weekly basis versus a weekly basis which resulted in a 50% outcome.

All teachers were provided with the charter petition and bi-weekly trainings on the following topics:

1. HET Teacher Coaching & Support Cycle
2. HET Learning Environment
3. Meaningful Content, Absence of Threat, Reflection Opportunity, and Context (MARC)
4. Individual Learning Plan (ILP)
5. Grade level collaboration
6. 8-Step Lesson Planning
7. Data Collaborative Inquiry
8. The 4Rs
9. Reading Wonders ELD component
10. Educational Conferences & Workshops

Due to the transition in administration, the following items were not implemented:

1. HET Conceptual Curriculum Development
2. MobyMax
3. Instructional strategies and curriculum materials to support transitional kindergarten (TK)
4. High performing schools being-there visitations

No teachers required enrollment in the New Teacher Induction program for the 2023-24 school year. TK/Kindergarten Teachers attended workshops on Developing Language in Early Classrooms. Educational Conferences and Workshops were offered to HLD teachers, but due to unforeseen circumstances, they were not able to attend. Certificates were not issued as this is still a work in progress.

All support personnel were employed in July except for the following:

1. Education Specialist
2. Speech Pathologist
3. 2 of the 5 additional Special Education Instructional Assistants

In lieu of the vacancies, contracted services were provided through TalkPath Live, Cornerstone Educational Solutions, and Compassionate ABA Therapies.

While Academy Council and ELAC were not established by July 1<sup>st</sup>, both were in full operation in September.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were material differences that occurred in budgeted and estimated actual expenditures related to action 3 involving the hiring of an education specialist, speech pathologist and SPED Aides. As recruiting efforts did not pan out, both education specialist and speech pathologist positions were supported by the current SPED Director and three non-public agencies. Additionally only 3 of the SPED aide positions were successfully filled, also requiring contracts to be secured for this support. This arrangement shifted budget expenditures from the 1000s and 2000s to the 5000's with increased cost for contracted services.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The actions contributing to the goal were effective. Consequently, 100% of the teachers employed were fully credentialed. The actions towards understanding of the charter petition, supported resources and tools, and skills were implemented. Teachers received tools to operate their classrooms. Classroom observation walkthroughs did not occur in every single classroom on a weekly basis since walkthroughs were targeted towards new teachers and not fully focused on providing teachers with the knowledge and understanding of the YPSA Charter Petition to achieve its goals, outcomes, and objectives.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

There were no changes to the goal and metrics. However, to improve teacher's knowledge and understanding of the YPSA Charter Petition, teachers will be equipped with additional professional development in the following topics:

1. Designated & Integrated ELD
2. GLAD Strategies
3. CAASPP/NWEA
4. Classroom Management

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

Goal #	Description
2	California standards-aligned instructional materials (studytrips included) and technology applications on school devices are available to 100% of the students to access the learning of the Common Core State Standards. (State Priorities 1, 2, 4, 5, 6, 7, 8)

### **Measuring and Reporting Results**

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Grade Level Scope and Sequence Conceptual Curriculum Component Materials Order & Distribution Record	0%	0%	0%	38%	100% of grade level instructional materials purchased and distributed to teachers one month before the next component.

### **Goal Analysis**

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

The school began with 100% success in ordering materials according to the timeline. However, the purchasing of materials in subsequent components was ordered but not within the timeline due to lack of classroom space to store materials.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were no material differences for this goal. All budgeted costs were expensed as described.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Teachers were issued a grade level Scope and Sequence Conceptual Curriculum Map (BSM) to be used in guiding their teaching and planning for student learning. Component materials were ordered and received on time, according to the timeline for all classrooms. There are no substantive differences in the planned actions and implementation of the actions as maintaining and updating the accountability tools to measure progress of the actions were completed. Everything in Action 2 was implemented as prescribed.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

One substantive change in Action 1 is to have BSMs revised no later than April 30th of each year, followed by a presentation to Academy Council in May, and approved by the Board in June. This will also fulfill the Williams Review. As a result, from this year's reflection and based on discussions at Academy Council surrounding improvements in Reading Programs at YPSA, Epic Reading and Prodigy ELA online reading comprehension programs will be implemented schoolwide to provide access to a wide selection of reading genre, levels, and interests.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

Goal #	Description
3	The school environment is safe, clean, and well-maintained in accordance with the HET learning environment expectations and body-brain teaching approach described in the charter petition to create a learning environment that activates the 19 body-brain sensory input that help students understand the concepts introduced in the classroom. (State Priorities 1, 4, 6, 7, 8).

### **Measuring and Reporting Results**

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
HET Environment Checklist	63% Completion	0% Completion	65%	80%	100% of the school environment is safe, clean, and well-maintained
Active Employee Roster from Payroll System (Same as Goal 1,5 & 6)	100% Positions Filled	43% Positions Filled	57% (4 out of 7)	82% Positions Filled	100% Custodial, Health, and Safety Positions Filled
Health & Safety Tool and Resource Inventory List	0% Received	0% Received	0%	100% Received	100% Health and Safety Resources Received by Staff
Daily Cleaning Schedule Checklist	0% Completion	0% Completion	27%	Removed from Goal 3 as a metric	100% Scheduled Cleaning Tasks Completed Daily

### **Goal Analysis**

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

There were material differences that occurred in budgeted and estimated actual expenditures related to action 2 involving the hiring of a health services specialist (LVN) and 1 yard supervisor. Recruiting efforts led to the hiring of an LVN at the beginning of the school year, however the position was vacated shortly thereafter. The school maintained the support to this area using current clerical support staff as well as substitute clerical support staff as needed. In addition, 1 of the 4-yard supervisor positions remained unfilled for the school year with no additional employment candidacy interest. As such, these budget lines were not expensed as expected.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Action item 1 is implemented and works well for the school. The school plans to continue this action to maintain its facility in the upcoming year. Action item 2 was fulfilled however, a full time Health Services Specialist-LVN and 1 out of 4 part time yard supervisors was not hired. The Health Services duties were spread amongst the safety committee members, and it worked out well. However, it required additional efforts to complete the additional tasks.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The cleanliness of the school is up to par. The school will maintain the cleaning schedule. Therefore, it will no longer be a part of the action items for this goal. The school plans to hire a full-time health clerk in lieu of the LVN.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

Goal #	Description
4	The CAASPP meeting and exceeding grade level standards for 3rd - 6th grade students are expected to increase from 40% to 65% in ELA, 28.51% to 55% in Math, 12.39% to 30% in ELPAC, and 13.46% to 30% in CAST to raise student academic achievement levels toward the charter goals. (State Priorities 1, 2, 4, 8)

### Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Roadmap to Realization of the YPSA Vision Goals and Outcome Comparison Measurement Tool	0% meeting or exceeding standards	0%	41% in ELA 33% in Math 9% in CAST 22% in ELPAC	39.04% in ELA 32.67% in Math 9.52% in CAST 19.47% in ELPAC	65% of students meeting or exceeding grade level standards on CAASPP ELA, 55% for CAASPP Math, 30% for CAST, and 30% for ELPAC
Professional Development Attendance Log	0% staff attending PD	0%	80%	86.13% of Core Teachers attended 32 PD sessions	100% of staff needing teaching and learning support receive professional development

### **Goal Analysis**

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Action #1 has been implemented to some degree given it being a transition year for administration. In action #2, teachers receive curriculum and professional development on ELA with an emphasis on Designated & Integration ELD. In action #3, ILPs & SSTs were implemented but at a later start date than anticipated. Action #4 was implemented. However, CAST Interim was attempted but lacked consistency across grade levels. ELPAC interim was also not administered.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Budgeted expenditures for contract professional development geared toward teachers and administrators were allocated but not fully expended.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Actions were effective, with minor modifications to fully implement in the new LCAP.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

There are no changes made to the planned goal and metrics, or target outcomes. However, action #3 replaces the attendance of a nurse to include other professionals.

**A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.**

### Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Due to the new transition of the school leadership team, the actions were modified as such the overall implementation is as follows:

- 18 out of 22 IAs hired.
- 2 out of 3 HLD teachers hired.
- 2 out 3 movement teachers hired (Taekwondo was not hired).
- Mandatory staff meetings were carried out.
- Collaborations were led by grade level team leads and data are still being collected independently on different platforms instead of the *Student Analytics Data management system*.
- The foundational skills work has been completed according to the description in the plan.
- Teachers were offered opportunities to visit other schools and attend conferences to learn best practices for teaching.
- BSM revisions successfully meets the deadline of May 31<sup>st</sup>.
- The program was delayed until October. However, all actions in the ELO-P plan were completed as described.

Substantive differences include the following:

- Teacher created formative criterion references for all areas has not been met and is still being explored due to the complexity nature of the concept. The progress of this action reaches the establishment of a school wide grading scale.
- The training on the *Frontline Student Analytics Data management system* has not been implemented accordingly. Instead, teachers received training on *PowerSchool Student Information System*.
- The monitoring of the implementation of assessments in the classroom did not take place due.
- The identification of learning gaps was not fully implemented due to minimal implementation of the *Data Collaborative Inquiry Process*. Consequently, professional consultants were also not secured.
- Certificates and tickets were awarded to scholars who met foundational skills expectations to attend a celebratory event at the end of the school year.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

The material differences between the budgeted and estimated actual expenditures primarily arose from staffing challenges and the non-implementation of certain planned monitoring and consulting activities. These differences highlight the need for adaptive resource allocation and more effective recruitment strategies to ensure that planned actions align more closely with actual implementation.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The actions taken to date are making progress towards the goal. The attainment of higher level of proficiencies could have been met through the implementation of the *Data Collaborative Inquiry Process*.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

As a result of the analysis of prior practice, Principal led *Data Collaborative Inquiry Process* takes place twice in a trimester. Furthermore, GLAD strategies emerged as a trend that is needed to strengthen the teacher's knowledge and skills in the implementation of content standards.

In addition, due to our charter petition renewal timeline, the third-year calls for the target achievement of 80%. As such, in lieu of 90% as the meeting benchmark for ELA, Math, Social Science, Science, HLD, and PE, 80% is the new updated benchmark goal.

All others remain unchanged. Metric #4, #5, & #8 was not fully implemented due to the transition of administration along with the absence of the necessary tools to capture the effectiveness, however full implementation is anticipated in the upcoming year. In addition, metric #5 has received minor edits to include the words *Gradebook Google Sheet*, specifying and providing directions to the platform and type of log to be used in order to determine students' progress towards the listed outcomes. The principal is expected to create this tool and train teachers on the use of this tool in the upcoming year.

**A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.**

Goal #	Description
6	Average daily attendance (ADA) is increased from 89% to 98%. (State Priorities 3, 4, 5, 6, 7, 8).

**Measuring and Reporting Results**

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Active Employee Roster from Payroll System (Same as Goal 1,3 & 5)	100% positions filled	100% positions filled	100%	Removed from Goal 6 as a metric	100% positions filled
PowerSchool SIS and School Messenger Contracts	100% of PowerSchool SIS contract and school messenger secured.	100% of PowerSchool SIS contract and school messenger secured.	100%	100% of PowerSchool SIS contract and school messenger secured.	100% of PowerSchool SIS contract and school messenger secured

Power School Monthly ADA/ADM by Grade Level	95.60% daily attendance achieved	90.69% daily attendance achieved	89%	92.5% daily attendance obtained.	98% daily attendance obtained

**Goal Analysis**

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

The following are successes of the overall implementation for this goal:

- Breakthrough Coaching occurred for the attendance clerk.
- *Intrado Communications* was renewed.
- Parent Portal Class Dojo are fully operational.
- Back-to-school night event occurred.
- Expectations for the importance of attendance recognition program was provided to parents through the Parent-Scholar Handbook, which was sent home, but is limited and non-inclusive of website/social media postings.
- Perfect attendance recognition was awarded to students in attendance 100% of the time each month rather than 98% because it shows that this is a true representation of the importance of being in school every day.
- Two out of three dance performances and three out of the four Multi-Culture Celebrations were held.
- Parents engaged in advisory and decision-making process as described with the exception that it was delayed by four months from the expected date.

Substantive differences include the following:

- SART/SARB process did not occur.
- The automated parent notification tool for absences was not secured and SART Notification of Truancy letters were not issued.
- YPSA website has been updated to allow direct access to communicate with the school instantaneously.
- Teachers' accountability to secure the YPSA Parent/Guardian Absence Verification Form has been removed as a result of ineffective practice.
- Parents were recognized and invited to attend the Perfect Attendance Monthly Assembly Awards for their contributions to their student's monthly perfect attendance through a personal phone call from the school office instead of the original plan of sending home a signed commendation letter. All other recognition actions for Perfect Attendance were implemented as prescribed in the plan, except on social media platforms.
- The month to announce the grand prize has been changed from September to October to allow for the establishment of a new student council, who is responsible of the announcement of the grand prize.
- Due to the unique school schedule (7:00AM to 5:30PM), YPSA has been exploring the use of Artificial Intelligence (AI) Avatar to lead parent collaborations, trainings, and delivery of information sessions for parents through the school website and on Class Dojo. As a result, this action item is continued onto the new LCAP cycle.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

The material differences between budgeted and estimated actual expenditures, as well as the planned and actual percentages of improved services, highlight the impact of staffing challenges, changes in implementation strategies, and timing differences. These differences

emphasize the need for adaptive budget management and effective communication to align planned actions with actual outcomes, ensuring continuous improvement in service delivery.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

PowerSchool Student Information System (SIS), Class Dojo Parent Communication System, and monthly Attendance Awards Recognition Assemblies were successful in improving attendance rates from 89% to 92.5%. Not as effective, however, is the parent engagement component that requires after school hours in-person participation in the late evenings (after 5:30PM).

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

In support of the school parent engagement component, the school intends to create and push out parent training opportunities through the use of AI technology for the various topics in support of student academic achievement. This will eliminate the requirement for in-person training and allow parents to access training materials 24-hours around the clock.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

# Instructions

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [LCFF@cde.ca.gov](mailto:LCFF@cde.ca.gov).

Complete the prompts as instructed for each goal included in the 2023–24 LCAP. Duplicate the tables as needed. The 2023–24 LCAP Annual Update must be included with the 2024–25 LCAP.

## Goals and Actions

### Goal(s)

#### Description:

Copy and paste verbatim from the 2023–24 LCAP.

### Measuring and Reporting Results

- Copy and paste verbatim from the 2023–24 LCAP.

#### Metric:

- Copy and paste verbatim from the 2023–24 LCAP.

#### Baseline:

- Copy and paste verbatim from the 2023–24 LCAP.

#### Year 1 Outcome:

- Copy and paste verbatim from the 2023–24 LCAP.

#### Year 2 Outcome:

- Copy and paste verbatim from the 2023–24 LCAP.

#### Year 3 Outcome:

- When completing the 2023–24 LCAP Annual Update, enter the most recent data available. Indicate the school year to which the data applies.

#### Desired Outcome for 2023–24:

- Copy and paste verbatim from the 2023–24 LCAP.

Timeline for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)
Copy and paste verbatim from the 2023–24 LCAP.	Copy and paste verbatim from the 2023–24 LCAP.	Copy and paste verbatim from the 2023–24 LCAP.	Copy and paste verbatim from the 2023–24 LCAP.	Enter information in this box when completing the 2023–24 LCAP Annual Update.	Copy and paste verbatim from the 2023–24 LCAP.

## Goal Analysis

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

A description of any substantive differences in planned actions and actual implementation of these actions.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

- Describe the effectiveness or ineffectiveness of the specific actions in making progress toward the goal during the three-year LCAP cycle. “Effectiveness” means the degree to which the actions were successful in producing the desired result and “ineffectiveness” means that the actions did not produce any significant or desired result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.

- When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
- Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

California Department of Education  
November 2023

# Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Yav Pem Suab Academy	Mary Lor, Principal	Mary-Lor@urbancsc.org

## Plan Summary 2024-2027

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Yav Pem Suab Academy (YPSA) is a transitional kindergarten (TK) to sixth grade, direct-funded, independent charter school in Sacramento serving approximately 473 students. YPSA is a member of the El Dorado Charter SELPA providing special education services to its own students. It operates on a Monday- Thursday, 8:00 a.m. – 5:00 p.m. instructional schedule using the Highly Effective Teaching (HET)/Body-brain compatible education model.

It provides services to underserved students such as English learners, low socioeconomic students, students with disability, and homeless and foster youth. There are three classrooms per grade level with a student to teacher ratio of 24:1 in grades K-6 and 24:1 in one TK classroom. Student demographics include 68% Asian, 3.8% Black or African American, 18.6% Hispanic or Latino, 2.1% White, 5.0% with two or more race, 0.2% Pacific Islander, and 1.7% unspecified.

Instruction in English Language Arts, Math, English Language Development, Social Studies, and Science occurs between 8:00 a.m. – 3:00 p.m. for first through sixth grade, and 8:00 a.m. - 2:00 p.m. for TK and Kindergarten. Students in first through sixth grade also participate in one hour of Hmong Language Development (HLD) or one hour of Movement (Dance, Tae Kwon Do, and Physical Education) on a daily basis. During this time, general education teachers prepare lesson materials, assemble supplies, and compile resources for subsequent lessons.

In addition, one-to-one foundational literacy and numeracy skills intervention support is provided to students by instructional assistants.

Between 3:00 p.m. to 5:00 p.m., first through sixth grade students participate in the Achievement Through Technology (ATT) time block where they practice Common Core State Standards in the *MobyMax* adaptive online program. Concurrently, teachers are engaged in staff meetings, collaboration and/or professional development as instructed by the site administrator.

### Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Review of the California School Dashboard

Spring 2023 CAASPP Results: Altogether, YPSA students scored 33.4 points below the Common Core State Standards in English Language Arts and 41.8 points below in Mathematics. A total of 91 students were categorized as English Language Learners. 49.5% of English Language Learners are making progress towards English Language proficiency, which was an increase in 11.2% from the previous year. The absenteeism rate for YPSA is at 23.6%, which is a decline of 12% from the previous year, meanwhile suspension rate for all students is at 0.4%, which is a 0.4% increase from the previous year. Based on the results from the California School Dashboard, Suspension and English Language Learner Progress are satisfactory. However, the following are areas of improvement; ELA, Math, and Chronic Absenteeism.

Review of the Local Data

Spring 2023 CAASPP Results indicate that thirty-nine percent (39%) met/exceeded standards in ELA; 33% met/exceeded standards in Math. There was a four percent decrease in ELA and a one percent decrease in math as shown in the chart below.

- Student Support Services for Students with IEPs:** maintained special education instructional aides to provide service minutes to support students with IEPs.
- Being-there Experiences:** Being-there experiences that are in alignment with the curriculum (study trip/fieldtrip) resumed for all students.
- Scheduled Grade Level Collaboration:** Weekly teacher collaborations were held to review student data to plan lessons for teaching and learning.
- On-site Dance Performances:** 2 out of 3 (Trimester 2 and 3) dance performances held to provide students opportunities to showcase the movement skills they have learned in their dance class and to develop their confidence.
- EL Reclassification:** 12.5% or 2 out of 116 English learners were reclassified to R-FEP in March 2024. This is a 5.5% increase from the previous year.
- NWEA Assessment:** Fifty percent (50%) of all kindergarten to second grade students scored at or above the 50<sup>th</sup> percentile in ELA Reading and 53% in Math.
- Teacher-created Assessment Data:** The March 2024 results show an average of 80% meeting or exceeding grade level expectations. This is 0% short of the goal.

ELA	Math	SS	Scienc	Averag	Goal
74%	81%	79%	85%	80%	80%

- Foundational Literacy and Numeracy Skills:** An average of 96% of students in TK-6 (473 students) have mastered their letters and sounds of the alphabet. Ninety-three percent (93%) of all students know their numbers 1-100; and 58% of all students have demonstrated mastery of sight words. Seventy-four percent (74%) of students in first to sixth grade have mastered addition facts 0-20; 80% of students in second to sixth grade have mastered subtraction facts 0-20. Fifty-two percent (52%) of students in third – sixth grade have mastered their multiplication facts; and 52% of students in fourth – sixth grade have mastered their division facts.

Upper Case	Lower Case	Letter Sounds	Number ID (1-100)	Addition (0-20)	Subtraction (0-20)	Sight words	Multiplication	Division
99%	98%	96%	93%	74%	80%	58%	52%	52%

- Reading Fluency:** The results from the Reading Wonders grade level oral fluency passages show that 71.58% of the students are reading on-grade level.

10. **Professional Development:** Twenty-four (24) teachers participated in the ten body-brain elements (instructional strategies expected in the charter) along with parent/teacher communication training/professional development. 64 percent (64%) of the teachers have demonstrated mastery of the body-brain elements.

## Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

YPSA does not receive any type of county or state technical assistance.

## Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

### Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

YPSA is not a comprehensive support and improvement school.

### Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A

### Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A

# Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Academy Council	<ul style="list-style-type: none"> <li>• A survey was provided to all members on 3/25/24 with a return data of 4/30/24.</li> <li>• Zoom session provided to all members on 4/25/24 from 5:30pm to 6:30pm.</li> </ul>
ELAC	<ul style="list-style-type: none"> <li>• A survey was provided to all members on 3/25/24 with a return data of 4/30/24.</li> <li>• Zoom session provided to all members on 4/25/24 from 5:30pm to 6:30pm.</li> </ul>
Parents and Staff	<ul style="list-style-type: none"> <li>• A survey was provided to all members on 3/25/24 with a return data of 4/30/24.</li> <li>• Zoom session provided to all members on 4/25/24 from 5:30pm to 6:30pm.</li> <li>• Live In-person session provided to staff on 4/3/24 and 4/4/24 during staff meeting.</li> </ul>
Scholars	<ul style="list-style-type: none"> <li>• A survey was provided to all members on 4/1/24 with a return data of 4/30/24.</li> <li>• Zoom session provided to all members on 4/25/24 from 5:30pm to 6:30pm.</li> </ul>
Finance Committee	<ul style="list-style-type: none"> <li>• A survey was provided to all members on 3/25/24 with a return data of 4/30/24.</li> <li>• Zoom session provided to all members on 4/25/24 from 5:30pm to 6:30pm.</li> </ul>
UCSC Board and Public	<ul style="list-style-type: none"> <li>• A survey was provided to all members on 3/25/24 with a return data of 4/30/24.</li> <li>• Zoom session provided to all members on 4/25/24 from 5:30pm to 6:30pm.</li> <li>• Public Hearing on 6/10/24.</li> <li>• Adoption date is scheduled for 6/24/24.</li> </ul>

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Will consider all input and add after receiving feedback no later than 4/30/24 from educational partners above.

# Goals and Actions

## Goal 1

Goal #	Description	Type of Goal
1	Credentialed teachers are employed and equipped with the knowledge and understanding of the YPSA charter petition to achieve its goals, outcomes, and objectives.	Focus

State Priorities addressed by this goal.

(State Priorities 1, 2, 4, 5, 6, 7, 8)

An explanation of why the LEA has developed this goal.

Teachers need to be highly qualified in California. As such, it is required they are appropriately credentialed and properly assigned to teach. Therefore, teachers are equipped with the knowledge, skills, and resources to design learning activities in their lesson planning process that yield high student academic achievement.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1	Teacher Credential Log (Same as goals 3, & 6)	100%			100%	0%
2	Classroom Walkthrough Observation Tool	50%			100%	0%
3	Teacher Tool and Resource Inventory List	100%			100%	0%
4	Active Employee Roster from Payroll System (Same as Goals 3, 5, & 6)	100%			100%	0%

## Goal Analysis for 2023-24

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

100% of teachers hired in TK-6 classrooms are credentialed and assigned to grade level classrooms according to the needs of the school. Due to administrative transition, five classrooms were selected to be included in the classroom observation tool data collection held on a bi-weekly basis versus a weekly basis which resulted in a 50% outcome.

All teachers were provided with the charter petition and bi-weekly trainings on the following topics:

1. HET Teacher Coaching & Support Cycle
2. HET Learning Environment
3. Meaningful Content, Absence of Threat, Reflection Opportunity, and Context (MARC)
4. Individual Learning Plan (ILP)
5. Grade level collaboration
6. 8-Step Lesson Planning
7. Data Collaborative Inquiry
8. The 4Rs
9. Reading Wonders ELD component
10. Educational Conferences & Workshops

Due to the transition in administration, the following items were not implemented:

1. HET Conceptual Curriculum Development
2. MobyMax
3. Instructional strategies and curriculum materials to support transitional kindergarten (TK)
4. High performing schools being-there visitations

No teachers required enrollment in the New Teacher Induction program for the 2023-24 school year. TK/Kindergarten Teachers attended workshops on Developing Language in Early Classrooms. Educational Conferences and Workshops were offered to HLD teachers, but due to unforeseen circumstances, they were not able to attend. Certificates were not issued as this is still a work in progress.

All support personnel were employed in July except for the following:

1. Education Specialist
2. Speech Pathologist
3. 2 of the 5 additional Special Education Instructional Assistants

In lieu of the vacancies, contracted services were provided through TalkPath Live, Cornerstone Educational Solutions, and Compassionate ABA Therapies.

While Academy Council and ELAC were not established by July 1<sup>st</sup>, both were in full operation in September.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were material differences that occurred in budgeted and estimated actual expenditures related to action 3 involving the hiring of an education specialist, speech pathologist and SPED Aides. As recruiting efforts did not pan out, both education specialist and speech pathologist

positions were supported by the current SPED Director and three non-public agencies. Additionally only 3 of the SPED aide positions were successfully filled, also requiring contracts to be secured for this support. This arrangement shifted budget expenditures from the 1000s and 2000s to the 5000's with increased cost for contracted services.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The actions contributing to the goal were effective. Consequently, 100% of the teachers employed were fully credentialed. The actions towards understanding of the charter petition, supported resources and tools, and skills were implemented. Teachers received tools to operate their classrooms. Classroom observation walkthroughs did not occur in every single classroom on a weekly basis since walkthroughs were targeted towards new teachers and not fully focused on providing teachers with the knowledge and understanding of the YPSA Charter Petition to achieve its goals, outcomes, and objectives.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

There were no changes to the goal and metrics. However, to improve teacher's knowledge and understanding of the YPSA Charter Petition, teachers will be equipped with additional professional development in the following topics:

1. Designated & Integrated ELD
2. GLAD Strategies
3. CAASPP/NWEA
4. Classroom Management

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Teacher Employment and Assignment	<p>YPSA employs credentialed teachers to teach in TK-6 classrooms starting July 1st.</p> <p>Credentials are reviewed at the time of hiring and annually prior to the issuance of the appointment letter in May. Appointment letters are issued to returning teachers by May 31<sup>st</sup> of each year.</p> <p>When a vacancy occurs, recruitment and hiring are conducted in the following order:</p>	<p>\$2,378,642</p> <p><i>1000's – \$1,803,735</i></p> <p><i>3000s- \$569,707</i></p> <p><i>5000's \$5,200</i></p>	Y

		<ul style="list-style-type: none"> <li>• Posting of job announcement (i.e. internal postings, employee referrals, job fairs and campus recruitment, online job portals, recruitment agencies, employer branding, etc.)</li> <li>• Accepting of application</li> <li>• Screening of applicants to ensure valid credentials</li> <li>• Interviewing of candidate by school level administrator and or staff</li> <li>• Recommendation by school level administrator to business office personnel and the Superintendent for a recommendation for hire or a second interview</li> <li>• Conducting background and reference checks</li> <li>• Approving of the candidate by the Board</li> <li>• Onboarding and Training</li> </ul> <p>Following Board approval, yet prior to the onboarding process, the candidate is assigned to a grade level classroom by the school administrator or designee based on the current needs of the school and according to their credential authorization.</p>		
1.2	Knowledge of the Charter Petition	<p>YPSA Teachers participate in the following professional development sessions throughout the year:</p> <ol style="list-style-type: none"> <li>1. HET Teacher Coaching &amp; Support Cycle</li> <li>2. HET Conceptual Curriculum Development</li> <li>3. HET Learning Environment</li> <li>4. Meaningful Content, Absence of Threat, Reflection Opportunity, and Context (MARC)</li> <li>5. Individual Learning Plan (ILP)</li> <li>6. Grade level collaboration</li> <li>7. 8-Step Lesson Planning</li> <li>8. Data Collaborative Inquiry</li> <li>9. The 4 Rs</li> <li>10. MobyMax</li> <li>11. Reading Wonders ELD component</li> <li>12. Designated &amp; Integrated ELD</li> <li>13. GLAD Strategies</li> <li>14. CAASPP/NWEA</li> <li>15. Classroom Management</li> <li>16. Instructional strategies and curriculum materials to support transitional kindergarten (TK)</li> </ol>	<p>\$16,224</p> <p><i>1000's – \$5,744</i></p> <p><i>3000's - \$1,180</i></p> <p><i>5000's \$9,300</i></p>	Y

		<p>17. High performing schools being-there visitations  18. New Teacher Induction  19. Educational Conferences &amp; Workshops</p> <p>Upon mastery of an element, a certificate will be issued.</p>		
1.3	Support Personnel and Resources	<p>The support-personnel listed below are employed no later than July 1st and provided with the tools and resources to assume their duties.</p> <ol style="list-style-type: none"> <li>1. Superintendent</li> <li>2. Chief Financial Officer/ Chief Business Officer</li> <li>3. Administrative Secretary</li> <li>4. Principal</li> <li>5. Assistant Principal</li> <li>6. Administrative Senior Clerk</li> <li>7. Attendance Clerk (Budgeted in Goal 6)</li> <li>8. Health Clerk (Budgeted in Goal 3)</li> <li>9. Head Teacher/s</li> <li>10. ELOP Coordinator (Budgeted in Goal 5)</li> <li>11. Special Education Director</li> <li>12. Education Specialist</li> <li>13. Speech Pathologist</li> <li>14. Special Education Aides</li> <li>15. Other support personnel as needed (4 Coordinators)</li> </ol> <p>Similarly, the governance and advisory bodies listed below established no later than July 1st and provided with the tools and resources to assume their governing duties.</p> <ol style="list-style-type: none"> <li>1. Urban Charter Schools Collective Board (UCSC) Board</li> <li>2. Academy Council (AC)</li> <li>3. English Learner Advisory Committee (ELAC)</li> </ol>	<p>\$1,331,848</p> <p><i>1000's – \$676,695</i></p> <p><i>2000's – \$325,918</i></p> <p><i>3000's – \$223,060</i></p> <p><i>4000's \$50,180</i></p> <p><i>5000's \$55,995</i></p>	Y

# Goal 2

Goal #	Description	Type of Goal
2	California standards-aligned instructional materials (study trips included) and technology applications on school devices are available to 100% of the students to access the learning of the Common Core State Standards.	Focus

State Priorities addressed by this goal.

(State Priorities 1, 2, 4, 5, 6, 7, 8)

An explanation of why the LEA has developed this goal.

EC Section 60119(c)(1) states that sufficient textbooks or instructional materials means, "each pupil, including English Learners, has a standards-aligned textbook or instructional materials, or both, to use in class and to take home. The metric and actions support the accountability to ensure students have the required learning materials. To fulfill this goal, the *Grade Level Scope and Sequence Conceptual Curriculum Component Materials Order & Distribution Record* are completed for each approved supply requisition.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1	Grade Level Scope and Sequence Conceptual Curriculum Component Materials Order & Distribution Record	38%			100% of grade level instructional materials purchased and distributed to teachers one month before the next component.	0%

## Goal Analysis for 2023-24

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

The school began with 100% success in ordering materials according to the timeline. However, the purchasing of materials in subsequent components was ordered but not within the timeline due to lack of classroom space to store materials.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were no material differences for this goal. All budgeted costs were expensed as described.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Teachers were issued a grade level Scope and Sequence Conceptual Curriculum Map (BSM) to be used in guiding their teaching and planning for student learning. Component materials were ordered and received on time, according to the timeline for all classrooms. There are no substantive differences in the planned actions and implementation of the actions as maintaining and updating the accountability tools to measure progress of the actions were completed. Everything in Action 2 was implemented as prescribed.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

One substantive change in Action 1 is to have BSMs revised no later than April 30th of each year, followed by a presentation to Academy Council in May, and approved by the Board in June. This will also fulfill the Williams Review. As a result, from this year's reflection and based on discussions at Academy Council surrounding improvements in Reading Programs at YPSA, Epic Reading and Prodigy ELA online reading comprehension programs will be implemented schoolwide to provide access to a wide selection of reading genre, levels, and interests.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

# Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Scope and Sequence Conceptual Curriculum Map (BSM)	<p>Every year in July, teachers are issued a grade level <i>Scope and Sequence Conceptual Curriculum Map (BSM)</i> to be used in guiding their teaching and planning for student learning.</p> <p>Following the teaching of each component, the principal facilitates and collaborates with the teachers through a reflection process to determine the alignment of the instructional materials, standards, study trips, instructional strategies, and activities to revise the component and incorporate change ideas to the teaching for the next component as part of the continuous improvement cycle.</p> <p>The <i>BSMs</i> are revised no later than May 31<sup>st</sup> each year. A presentation of the revised updates and revisions is made to the Academy Council for recommendation to UCSC Board for adoption at its June meeting.</p> <p>Materials identified in the first component of the grade level <i>BSMs</i> are ordered starting the day following the Board approved preliminary budget in June.</p> <p>Component materials are received, recorded, and distributed to teachers at the mandatory staff meeting in July. Subsequent materials are ordered the first Tuesday, one month prior to the implementation of the component.</p>	<p>\$99,500</p> <p>4000's – \$37,500</p> <p>5000's – \$62,000</p>	Y
2.2	Technology Instructional Materials Distribution Plan	<p>In June, student laptops and iPads are inventoried and updated with the latest software programs by the school's technology services contractor. New devices are purchased to replace inoperable ones.</p> <p>Every student is assigned a laptop or iPad device, a charger, and a set of headphones. 3<sup>rd</sup> through 6<sup>th</sup> grade scholars are provided with a school email.</p> <p>Before the first day of instruction, students are rostered into the following platforms and systems:</p> <ul style="list-style-type: none"> <li>• MobyMax</li> </ul>	<p>\$93,863</p> <p>4000's – \$45,000</p> <p>5000's – \$48,863</p>	Y

# Goal 3

Goal #	Description	Type of Goal
3	The school environment is safe, clean, and well-maintained in accordance with the HET learning environment expectations and body - brain teaching approach described in the charter petition to create a learning environment that activates the 19 body-brain sensory input that help students understand the concepts introduced in the classroom.	Focus

**State Priorities addressed by this goal.**

(State Priorities 1, 4, 6, 7, 8)

**An explanation of why the LEA has developed this goal.**

Senate Bill 550 (Vasconcellos) amended the School Accountability Report Card to require expanded information on the safety, cleanliness, and adequacy of school facilities, including any needed maintenance to ensure good repair.

A HET learning environment is an enriched environment that focuses sensory input-through all 19 senses-on the concept or skill to be learned. Maximizing sensory input is a fundamental HET goal when developing curriculum and planning instructional strategies for a number of reasons.

First, input through the senses is the brain’s only way to bring in information from the outside world; there are no shortcuts. Second, large amounts of sensory input enable students to grasp the concepts/information accurately and completely, thereby eliminating misunderstandings. Third, large amounts of sensory input is what causes physiological changes in the brain, resulting in the phenomenon of learning.

# Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1	HET Environment Checklist	80% Meets HET Environment Expectations			100% of the classroom environment meets the HET Learning Environment Expectations	
2	Active Employee Roster from Payroll System (Same as Goal 1,5 & 6)	82% Positions filled			100% Custodial, Health, and Safety Positions Filled	
3	Health & Safety Tool, Resource Inventory List,	100% Received			100% Health and Safety Resources Received by Staff	

## Goal Analysis for 2023-24

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

The implementation of Action 2 faced notable challenges in recruitment and retention, leading to substantive differences between the planned and actual actions. Despite these challenges, the school demonstrated adaptability in managing resource allocation and maintaining essential services. The budget variances reflected these implementation differences, highlighting areas for potential improvement in future recruitment strategies and resource planning.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were material differences that occurred in budgeted and estimated actual expenditures related to action 2 involving the hiring of a health services specialist (LVN) and 1 yard supervisor. Recruiting efforts led to the hiring of an LVN at the beginning of the school year, however the position was vacated shortly thereafter. The school maintained the support to this area using current clerical support staff as well as substitute clerical support staff as needed. In addition, 1 of the 4-yard supervisor positions remained unfilled for the school year with no additional employment candidacy interest. As such, these budget lines were not expensed as expected.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Action item 1 is implemented and works well for the school. The school plans to continue this action to maintain its facility in the upcoming year. Action item 2 was fulfilled however, a full time Health Services Specialist-LVN and 1 out of 4 part time yard supervisors was not hired. The Health Services duties were spread amongst the safety committee members, and it worked out well. However, it required additional efforts to complete the additional tasks.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

The cleanliness of the school is up to par. The school will maintain the cleaning schedule. Therefore, it will no longer be a part of the action items for this goal. The school plans to hire a full-time health clerk in lieu of the LVN.

**A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.**

## Actions

Action #	Title	Description	Total Funds	Contributing
3.1	Facility Maintenance Plan	<p>YPSA Charter strives to provide a safe and clean school. Two full-time custodial staff are employed starting July 1st to maintain a clean facility. Additional custodial services is contracted/employed to support with deep cleaning twice a year during the summer and winter break, and to support with regular cleaning as needed.</p> <p>Each May, custodial supplies and tools are purchased for the July deep cleaning.</p> <p>Routine cleaning is done according to a daily schedule and established state and local guidelines. Bi-weekly cleaning inspection is conducted by the custodial staff and principal or designee to ensure the goal is met.</p> <p>Custodial staff also read the preparation for the annual school fire safety inspection, Williams Review facility inspection, and support the monthly, quarterly, and semi-annual school safety drill practices.</p> <p>Student drop-off, pick-up, and street crossing areas set-up is completed before 7:00 a.m. and break-down after 5:30 p.m. daily.</p>	<p>\$124,643</p> <p>2000's – \$95,620</p> <p>3000's – \$16,524</p> <p>4000's – \$12,500</p>	N

		Custodial staff participate in health and safety professional development offered by the school, school district, or other agencies throughout the year.		
3.2	Health and Safety Plan	<p>A full-time Health Clerk, supported by a contracted “health supervisor,” and 4 part-time yard supervisors are employed no later than July 1st to lead the school health and safety component. They are equipped with the training, materials, and resources to perform their duties and complete the annual required trainings pertaining to their positions. Also ensuring other employees are equipped with safety tools, and trainings to support the safety and security of the students.</p> <p>Additionally, these employees along with the school principal or designee acts as the safety team to revise the <i>Comprehensive School Safety Plan</i> annually and submit it to Academy Council for adoption prior to the March 1st deadline. Moreover, the team is responsible for yard supervision, updating the YPSA calendar with new dates for emergency drills, Crosswalk Safety during arrival and dismissal, ushering of scholars in the hallways to class, vision and hearing screenings, immunization verifications and reports, human growth and development, anti-bullying, conflict resolution, and health and mental wellness. Furthermore, ongoing assessments for facility safety are conducted to determine additional safety enhancement needs at the site (buzzer, cones, walkies, signs, security cameras, etc.).</p> <p>Finally, a school-wide student behavior assembly is held to go over <i>Discipline Life</i> processes and procedures, learning expectations, and Lifelong Guidelines and LIFESKILLS on the first day of school. Students not present the first day of school are expected to attend a make-up session on the contents shared at the assembly.</p>	<p>\$135,966</p> <p>2000's – \$100,484</p> <p>3000's – \$7,582</p> <p>4000's – \$13,500</p> <p>5000's \$14,400</p>	Y

# Goal 4

Goal #	Description	Type of Goal
4	The CAASPP meeting and exceeding grade level standards for 3rd - 6th grade students are expected to increase from 39.04% to 65% in ELA, 32.67% to 55% in Math, 19.47% to 30% in ELPAC, and 9.52% to 30% in CAST to raise student academic achievement levels toward the charter goals.	Focus

State Priorities addressed by this goal.

(State Priorities 1, 2, 4, 8)

An explanation of why the LEA has developed this goal.

Between 1990 and 2010, the underserved student population in the local school district continued to perform lower in comparison to their peers in academic achievement. As such, the Hmong community petitioned for the Yav Pem Suab Academy Charter School body-brain education approach to counter the performance disparity by raising academic achievement for this group of students as identified in this goal and in accordance with the expectations enumerated in Ed. Code 47605(b)(5)(A) and in subparagraph (B) of paragraph (3) of subdivision (a) of Section 47607.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1	Roadmap to Realization of the YPSA Vision Goals and Outcome Comparison Measurement Tool	39.04% in ELA 32.67% in Math 9.52% in CAST 19.47% in ELPAC	0%		80% of students meeting or exceeding grade level standards on CAASPP ELA, 70% for CAASPP Math, 45% for CAST, and 45% for ELPAC	
2	Professional Development Attendance Log	86.13% of Core Teachers attended 32 PD sessions	0%		95% of staff needing teaching and learning support receive professional development	

3	ILP/SST Implementation Log for Tier 2 and 3 Students	100% (159) of students in Tier 3 received an ILP  75% (6) of students in need of an SST received an SST	0%		100% of students in Tier 2 and 3 receive an implemented ILP or SST	
4	CCSS Student Practice Log	100% are practicing CCSS learning activities through MobyMax ELA and Math  0% for CAASPP Interim, CAST Interim, and ELPAC Interim	0%		100% of students receive practice of CCSS through MobyMax, CAASPP Interim, CAST Interim, and ELPAC Interim	
5	Student Benchmark Data Results and Classroom Observation Feedback Log	0% of teachers using benchmark data	0%		100% of teachers deliver lessons that are designed from benchmark data analysis sessions	

## Goal Analysis for 2023-24

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Action #1 has been implemented to some degree given it being a transition year for administration. In action #2, teachers receive curriculum and professional development on ELA with an emphasis on Designated & Integration ELD. In action #3, ILPs & SSTs were implemented but at a later start date than anticipated. Action #4 was implemented. However, CAST Interim was attempted but lacked consistency across grade levels. ELPAC interim was also not administered.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Budgeted expenditures for contract professional development geared toward teachers and administrators were allocated but not fully expended.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Actions were effective, with minor modifications to fully implement in the new LCAP.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

There are no changes made to the planned goal and metrics, or target outcomes. However, action #3 replaces the attendance of a nurse to include other professionals.

**A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.**

**Actions**

Action #	Title	Description	Total Funds	Contributing
4.1	Data Collaborative Inquiry Process	<p>In early August or within 30 days of enrollment, the initial ELPAC assessment is administered to new students identified as speaking another language other than English through the enrollment process.</p> <p>The Spring Summative ELPAC assessment is administered to English learners between February 1 and May 31 each year. Those students meeting reclassification criteria are reclassified on or before the administration of the spring summative assessment and after the current year CAASPP on or before May 31<sup>st</sup>.</p> <p><i>CAASPP and CAST Summative Assessment</i> training sessions are provided to 3<sup>rd</sup> – 6<sup>th</sup> grade teachers in April for testing in May.</p> <p>In September a presentation is provided to classroom teachers to equip them with the knowledge, information, and skills to successfully administer the Interim CAASPP, CAST, and ELPAC. Beginning the first week of September through the last week.</p>	<p>\$6,886</p> <p><i>1000's – \$5,886</i></p> <p><i>4000's – \$1,000</i></p>	Y

		<p>During the daily collaboration meetings from 3:00PM to 5:00PM, teachers learn and work together to identify student learning problems and create products or ways to solve them using any combination of summative, formative, and benchmark assessment. During Monday collaborations, the principal is present to provide leadership and guidance as needed. Teachers and the principal use the <i>Data Collaborative Inquiry Process</i> (a 4-steps continuous improvement cycle: Assess, Plan, Implement, and Reflect) to analyze assessment results for learning gaps. Teachers use the data to design lessons, learning activities, and inquiries (activities where students can demonstrate what they have learned) to close the identified learning gaps in the next teaching cycle.</p> <p>Lesson plans include learning activities that are aligned to <i>Meaningful content, Absence of threat, Reflection opportunity, and Context – a.k.a. MARC</i> so that as many of the 19 sensory inputs can be activated during teaching to cause physiological growth in the student’s brain. Weekly lesson plan overviews are completed on the <i>Weekly Lesson Plan Overview Sheet</i> no later than 5:00PM on Thursdays.</p> <p>At the conclusion of each component, teachers evaluate their <i>Scope and Sequence Conceptual Curriculum Map</i> (Backward Standards Map) to ensure effective teaching and learning occurs according to their predictions and revise the component for next school year. In addition, they include any adjustments that needed to be added to improve the lessons in the next component.</p> <p>Finally, the administrator conducts bi-weekly walkthrough observations to ensure the lessons designed in the collaboration sessions are implemented and provide feedback to assist the teachers as a part of the continuous improvement cycle.</p>		
4.2	Subject Content Professional Development and Training for Teachers	<p>Beginning in July, teachers receive curriculum and professional development on ELA/ELD, Math, Social Studies, and Science.</p> <p>Throughout the year, ELD professional development and training are provided during the mandatory professional development days to teachers.</p> <p>Follow-up classroom observations are conducted by the principal between August and October to collect teacher delivery data in the content subject areas.</p>	<p>\$34,500</p> <p>4000’s – \$21,000</p> <p>5000’s – \$13,500</p>	Y

		<p>The data are analyzed for trends to be used for designing targeted training and professional development series for teachers. These trainings and professional development series are offered between December and May as a continuous improvement cycle to improve teaching and delivery. Additionally, non-evaluative peer observation opportunities are available to teachers as a way to increase their teaching and delivery. Finally, tailored coaching is provided to individual teachers as an overall support from the school administrator, designee, or consultant between January and June.</p>		
4.3	ILP/SST Process	<p>The Individual Learning Plan (ILP) and Student Study Team (SST) professional development and training are provided to teachers by the second week in September in order to develop and implement ILPs for Tier 2 and 3 students. These plans are shared or reviewed at the first trimester parent teacher conference.</p> <p>Trainings include the classroom teacher initiating and convening a meeting to discuss the learning needs of the student, the role of the principal or designee, the student, and the parents. It also includes the use of data related to academic, social emotional, behavior, attendance; and other assessments such as NWEA, CAASPP, foundational skills, ELPAC, end-of-unit test, BPST, and the ILP goals, actions, timeline, and responsible persons.</p> <p>The plan is implemented collaboratively by the classroom teacher, parent, and student for an eight-week cycle. The team members meet every two weeks to review student academic achievement progress toward the established goals and make the necessary adjustments to improve the actions in the plan.</p> <p>For students not successful through the ILP process, a Student Study Team (SST) is initiated to provide the next level of support to ensure progress toward Tier 1 instruction.</p> <p>Team members required for the SST include additional staff members such as another teacher, a certificated special education team member or other professionals as needed.</p> <p>ILPs and SSTs records are included in the teacher articulation process and provided to next year's teacher on the last Thursday in May.</p>	\$0.00	Y

4.4	Common Core State Standard Practice	<p>Students receive Common Core State Standards (CCSS) practice through California Assessment for Student Performance and Progress (CAASPP), California Science Test (CAST), and English language Proficiency Assessments for California (ELPAC) Interim Assessments. They also receive practice in the Northwest Evaluation Association (NWEA) Measures of Academic Progress (MAP) test and MobyMax adaptive online program.</p> <p>Access and administration training for NWEA is provided to teachers in August to prepare them for testing in October and February.</p> <p>The next cycle of interim assessments is scheduled for March. The final cycle of interim assessment includes the NWEA MAP test, which is the only one scheduled for the last two weeks in May.</p> <p>MobyMax subscription is renewed by June for the upcoming school year. The platform and integration of the CCSS listed in the teacher lesson plans training is offered to staff in August.</p> <p>Starting the first day of instruction, from 3:00-5:00 p.m., students practice CCSS in MobyMax on their assigned laptop/iPad device. Student engagement and participation is administered and facilitated by instructional assistants using a real-time dashboard on large interactive panels or overhead projection on a screen in the working space.</p> <p>The instructional assistants continue progress monitoring and make adjustments to student assignments that align with the teacher's lesson plans throughout the school year.</p> <p>Lastly, awards are given to students in recognition of their achievements in CAASPP Interim, CAST Interim, ELPAC Interim, NWEA MAP test, and MobyMax in November and March.</p>	<p>\$15,795</p> <p>2000's – \$7,500</p> <p>4000's – \$1,500</p> <p>5000's – \$6,795</p>	Y
-----	-------------------------------------	--	---	---

# Goal 5

Goal #	Description	Type of Goal
5	<p>Grade level formative and benchmark academic achievement for TK-6 students are meeting and exceeding grade level standards as follows:</p> <ul style="list-style-type: none"> <li>• NWEA               <ul style="list-style-type: none"> <li>○ 42% to 65% in NWEA ELA</li> <li>○ 59% to 65% in NWEA Math</li> </ul> </li> <li>• Teacher Formative/Criterion Reference               <ul style="list-style-type: none"> <li>○ ELA from 73.78% to 80%</li> <li>○ Math from 81.28% to 80%</li> <li>○ Social Science from 76.87% to 80%</li> <li>○ Science 83.73% to 80%</li> </ul> </li> <li>• HLD from 80.06% to 80%</li> <li>• PE from 90% to 95%</li> <li>• Dance from 80% to 90%</li> <li>• Tae Kwon Do 0% to 90%</li> <li>• Foundational Skills (meeting grade-level expectations) 55% to 80%</li> <li>• Moby Max               <ul style="list-style-type: none"> <li>○ 41% to 80% in Moby Max ELA</li> <li>○ 44% to 80% in Moby Max Math</li> <li>○ Readers by 3<sup>rd</sup> Grade from 72.7% to 100%</li> </ul> </li> </ul>	Focus

State Priorities addressed by this goal.

State Priorities 2, 4, 7, and 8

An explanation of why the LEA has developed this goal.

The charter sets out to raise academic achievement for underserved students because, historically they have underperformed, when compared to the general student population as measured by standardized assessments at local district schools. As such, providing varied opportunities to enhance student learning and confidence such as the body-brain education approach, Hmong language and culture, and movement such as hip-hop dance and Tae Kwon Do, students have a greater chance to continually increase their academic achievement.

With this approach, students are equipped to realize the vision and the mission set for them as lifelong learners and LIFESKILLED leaders who contribute to making the society a better place for everyone to live in.

# Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1	Teacher Tool and Resource Inventory List (Same as Goal 1)	100% purchased and distributed			100% resource material, and tools purchased and distributed	
2	Active Employee Roster from Payroll System (Same as Goal 1,3 & 6)	79% positions filled (HLD, Movement, & Instructional Assistants)			100% positions filled	
3	Professional Development Attendance Log (Same as Goal 4)	70.55% HLD & Movement Staff attendance 32 Professional Development Sessions  72.63% of Instructional Assistants attended 24 Professional Development Sessions			100% of staff attending professional development based on needs	
4	Student Benchmark Data Results and Classroom Observation Feedback Log (Same as Goal 4)	0% of teachers using benchmark data			100% of teachers deliver lessons that are designed from benchmark data analysis sessions	

5	YPSA Gradebook Google Sheet for Recording Standards-Based Formative and Benchmark Assessments	0%			100% of students are meeting the established outcomes of 80% for formative and 80% for benchmark assessments, and 100% for Readers by 3 <sup>rd</sup> Grade
6	ILP/SST Implementation Log for Tier 2 and 3 Students (Same as Goal 4)	100% (159) of students in Tier 3 received an ILP 75% (6) of students in need of an SST received a SST.			100% of students in Tier 2 and 3 receive an implemented ILP/SST
7	ELO-P Intervention and Enrichment Program Schedule and Class Rosters	100% of students who qualify for ELO-P receive the service opportunity.			100% of students who qualify for ELO tutoring and enrichment receive the service opportunity.
8	Student and Staff Formative and Benchmark Academic Achievement Recognition Log	0% students and staff received awards in November and March.			100% of students and staff receive at least one recognition in one of the categories in November and March.

## Goal Analysis for 2023-24

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Due to the new transition of the school leadership team, the actions were modified as such the overall implementation is as follows:

- 18 out of 22 IAs hired.
- 2 out of 3 HLD teachers hired.

- 2 out of 3 movement teachers hired (Taekwondo was not hired).
- Mandatory staff meetings were carried out.
- Collaborations were led by grade level team leads and data are still being collected independently on different platforms instead of the *Student Analytics Data management system*.
- The foundational skills work has been completed according to the description in the plan.
- Teachers were offered opportunities to visit other schools and attend conferences to learn best practices for teaching.
- BSM revisions successfully meet the deadline of May 31<sup>st</sup>.
- The program was delayed until October. However, all actions in the ELO-P plan were completed as described.

Substantive differences include the following:

- Teacher created formative criterion references for all areas has not been met and is still being explored due to the complexity nature of the concept. The progress of this action reaches the establishment of a school wide grading scale.
- The training on the *Frontline Student Analytics Data management system* has not been implemented accordingly. Instead, teachers received training on *PowerSchool Student Information System*.
- The monitoring of the implementation of assessments in the classroom did not take place due.
- The identification of learning gaps was not fully implemented due to minimal implementation of the *Data Collaborative Inquiry Process*. Consequently, professional consultants were also not secured.
- Certificates and tickets were awarded to scholars who met foundational skills expectations to attend a celebratory event at the end of the school year.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

The material differences between the budgeted and estimated actual expenditures primarily arose from staffing challenges and the non-implementation of certain planned monitoring and consulting activities. These differences highlight the need for adaptive resource allocation and more effective recruitment strategies to ensure that planned actions align more closely with actual implementation.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

The actions taken to date are making progress towards the goal. The attainment of higher level of proficiencies could have been met through the implementation of the *Data Collaborative Inquiry Process*.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

As a result of the analysis of prior practice, Principal led *Data Collaborative Inquiry Process* takes place twice in a trimester. Furthermore, GLAD strategies emerged as a trend that is needed to strengthen the teacher’s knowledge and skills in the implementation of content standards.

In addition, due to our charter petition renewal timeline, the third-year calls for the target achievement of 80%. As such, in lieu of 90% as the meeting benchmark for ELA, Math, Social Science, Science, HLD, and PE, 80% is the new updated benchmark goal.

All others remain unchanged. Metric #4, #5, & #8 was not fully implemented due to the transition of administration along with the absence of the necessary tools to capture the effectiveness, however full implementation is anticipated in the upcoming year. In addition, metric #5 has received minor edits to include the words *Gradebook Google Sheet*, specifying and providing directions to the platform and type of log to be used in order to determine students’ progress towards the listed outcomes. The principal is expected to create this tool and train teachers on the use of this tool in the upcoming year.

**A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.**

## Actions

Action #	Title	Description	Total Funds	Contributing
5.1	Support Personnel and Resources	<p>The school hires adequate staff members to support the needs of the school beginning July 1:</p> <ol style="list-style-type: none"> <li>1. HLD Teachers</li> <li>2. Movement Teachers</li> <li>3. General Education Instructional Assistants (IAs)</li> </ol> <p>At the mandatory staff meeting in July, instructional materials, keys, resources, technology, training information, and materials needed or required for teaching and learning are distributed to each staff member.</p> <p>By July 1, the school administrative team renews the subscription and collaborates with <i>Frontline Student Analytics Data Management System</i> to generate the data charts (reports) that capture trends of the formative assessments listed below.</p> <ol style="list-style-type: none"> <li>1. Teacher Formative/Criterion Reference (Teacher-created)               <ol style="list-style-type: none"> <li>a. Core</li> <li>b. HLD</li> <li>c. PE</li> <li>d. Dance</li> </ol> </li> </ol>	<p>\$1,082,141</p> <p>1000’s – \$154,374</p> <p>2000’s – \$656,883</p> <p>3000’s - \$236,383</p> <p>5000’s - \$34,500</p>	Y

- e. Tae Kwon Do
2. MobyMax
3. Readers by 3rd Grade
4. NWEA
5. Foundational Skills

In July, teachers receive 2 days of research and theory training in Guided Language Acquisition Design (GLAD) strategies. Four days of classroom demonstration observation followed in August to fine tune the teachers' knowledge and implementation of the strategies in the classroom.

In August, staff (Administrators, Core, HLD, Movement, IAs) receive training on the new google sheet to log assignments and input assessment data. Teachers, in their grade level collaborations, use the data reports to set goals and design lesson plans as a continuous improvement cycle to improve teaching and learning for students. Training to operate the system is provided for teachers throughout the year on an as needed basis.

Additionally, teachers receive PowerSchool training to log in assignments to ensure scholar progress is available to parents through the parent portal.

Furthermore, starting in September and throughout the year, teachers receive designated ELD training and integration in Math, ELA, and Science.

Also, IAs receive training on the Foundational Literacy and Numeracy Skills Excel spreadsheet. They collect foundational skills baseline data for the categories listed below on new students by the third week of their attendance and record into the Foundational Literacy and Numeracy data Excel spreadsheet:

1. Uppercase Letters
2. Lowercase Letters
3. Letter Sounds
4. Number Recognition
5. Addition Facts
6. Subtraction Facts
7. Multiplication Facts

		<p>8. Division Facts 9. 1,000 Fry's High Frequency Sight Words</p> <p>Once baseline data collection is completed, students who have not yet mastered the skills receive one-to-one intervention support. When mastery of the skills occurs, the Foundational Literacy and Numeracy data Excel spreadsheet is updated to reflect the new information. Every Thursday, student data is reviewed, and new goals are identified to be achieved for the following week.</p>		
5.2	Professional Development and Training for Administrators and Teachers	<p>Teachers are offered opportunities to visit other schools and attend conferences to learn best practices for developing and implementing classroom standards-based assessments and other teaching strategies.</p> <p>The principal monitors the implementation of the assessments in the classroom and provides tailored feedback and coaching support to teachers as part of the continuous improvement process. This phase starts in the latter part of September and goes through June.</p> <p>The data collected from the monitoring phase are used in the <i>Data Collaborative Inquiry Process</i> by teachers and administrators to identify area of needs of teachers. Training sessions are aligned to the identified needs of teachers so that are able to independently develop assessments that are standards aligned.</p> <p>Based on successful implementation of the standards-based assessments, teachers revise their BSMs to include the changes. The revision process is completed by May 31<sup>st</sup> each year.</p> <p>To ensure success in this process, professional consultants are provided to support the administrators.</p>	\$1,500  5000's – \$1,500	Y

5.3	ELO-P Intervention and Enrichment Program	<p>Starting in July, the ELO-Program staff is hired trained in intervention, enrichment, and safety. Educational partners are contracted to provide additional intervention and enrichment services.</p> <p>One hundred percent (100%) of the "known" students identified in Tier 2 and Tier 3 according to the criteria for ILPs and/or unduplicated pupils, are 120) invited to participate in the program in June for the 2024-25 program.</p> <p>At the same time, students outside of Tier 2 and Tier 3 and/or unduplicated pupils are also invited to participate in the enrichment component of the program.</p> <p>Program operations materials, equipment, and contracted services are purchased or secured starting in July and as needed throughout the year.</p> <p>Students finishing their programs successfully receive a certificate of completion.</p>	<p><b>\$511,887</b></p> <p>1000's – \$15,000</p> <p>2000's – \$426,200</p> <p>3000's – 35,687</p> <p>4000's – \$10,000</p> <p>5000's – \$25,000</p>	N
5.4	Student and Staff Recognition Program for Outstanding Formative and Benchmark Assessment Results	The students demonstrating outstanding (grade level expectation) academic achievement performance are recognized (certificate of recognition) trimesterly, as they meet or exceed the targeted expectations described in this goal.	\$0.00	Y

# Goal 6

Goal #	Description	Type of Goal
6	Average daily attendance (ADA) is increased from 92.5% to 98%.	Focus

State Priorities addressed by this goal.

State priorities 3, 4, 5, 6, 7, 8

An explanation of why the LEA has developed this goal.

YPSA believes that students cannot learn and become high performing if they are not in their classroom seats every day. Furthermore, California Compulsory Education Law requires school aged children between the ages of 6 – 18 to attend school. Moreover, the YPSA Charter Petition stipulates an average daily attendance of 98% as a goal that has a direct impact on LCFF funding, which is fundamentally important to the sustainability of school operations.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1	PowerSchool SIS and School Messenger Contracts	100% of PowerSchool SIS contract and school messenger secured.			100% of PowerSchool SIS contract and school messenger secured	
2	Student Absence Parent Contact Log & Power School Teacher Daily Attendance Submission	0% staff executing the steps in the attendance process and procedures accurately			100% of staff can execute the steps in the attendance process and procedures	
3	Power School Weekly Attendance Report	100% absence data is accurate			100% of the daily attendance record is current	
4	Power School Monthly ADA/ADM by Grade Level	92.5% daily attendance obtained.			98% daily attendance obtained	

# Goal Analysis for 2023-24

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

The following are successes of the overall implementation for this goal:

- Breakthrough Coaching occurred for the attendance clerk.
- *Intrado Communications* was renewed.
- Parent Portal Class Dojo are fully operational.
- Back-to-school night event occurred.
- Expectations for the importance of attendance recognition program was provided to parents through the Parent-Scholar Handbook, which was sent home, but is limited and non-inclusive of website/social media postings.
- Perfect attendance recognition was awarded to students in attendance 100% of the time each month rather than 98% because it shows that this is a true representation of the importance of being in school every day.
- Two out of three dance performances and three out of the four Multi-Culture Celebrations were held.
- Parents engaged in advisory and decision-making process as described with the exception that it was delayed by four months from the expected date.

Substantive differences include the following:

- SART/SARB process did not occur.
- The automated parent notification tool for absences was not secured and SART Notification of Truancy letters were not issued.
- YPSA website has been updated to allow direct access to communicate with the school instantaneously.
- Teachers' accountability to secure the YPSA Parent/Guardian Absence Verification Form has been removed as a result of ineffective practice.
- Parents were recognized and invited to attend the Perfect Attendance Monthly Assembly Awards for their contributions to their student's monthly perfect attendance through a personal phone call from the school office instead of the original plan of sending home a signed commendation letter. All other recognition actions for Perfect Attendance were implemented as prescribed in the plan, except on social media platforms.
- The month to announce the grand prize has been changed from September to October to allow for the establishment of a new student council, who is responsible of the announcement of the grand prize.
- Due to the unique school schedule (7:00AM to 5:30PM), YPSA has been exploring the use of Artificial Intelligence (AI) Avatar to lead parent collaborations, trainings, and delivery of information sessions for parents through the school website and on Class Dojo. As a result, this action item is continued onto the new LCAP cycle.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

The material differences between budgeted and estimated actual expenditures, as well as the planned and actual percentages of improved services, highlight the impact of staffing challenges, changes in implementation strategies, and timing differences. These differences emphasize the need for adaptive budget management and effective communication to align planned actions with actual outcomes, ensuring continuous improvement in service delivery.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

PowerSchool Student Information System (SIS), Class Dojo Parent Communication System, and monthly Attendance Awards Recognition Assemblies were successful in improving attendance rates from 89% to 92.5%. Not as effective, however, is the parent engagement component that requires after school hours in-person participation in the late evenings (after 5:30PM).

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

In support of the school parent engagement component, the school intends to create and push out parent training opportunities through the use of AI technology for the various topics in support of student academic achievement. This will eliminate the requirement for in-person training and allow parents to access training materials 24-hours around the clock.

**A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.**

## Actions

Action #	Title	Description	Total Funds	Contributing
6.1	Attendance Plan	<p>One attendance clerk is employed starting July 1 and is provided professional development in <i>The Breakthrough Coach</i> and other trainings as required to perform the job.</p> <p>The Attendance Clerk is responsible for the general office duties including the review and update of daily student records, perfect attendance awards, assemblies, truancy letters, SART/SARB hearing coordination; and local, state, and federal reports.</p>	<p>\$70,008</p> <p>2000's – \$41,530</p> <p>3000's – \$15,814</p> <p>5000's – \$12,664</p>	Y

		<p>The <i>PowerSchool</i> Student Information System and School Messenger are renewed each year in June to maintain student attendance records and send communications to parents and staff.</p> <p>The PowerSchool parent portal is available for parents to access their student grades, assignments, and communication with teachers. In addition, ClassDojo and YPSAcharter.org is used as a communication platform for staff and parents to access school news and announcements.</p> <p>Teachers take attendance by 9:30 a.m. daily. An automated message is sent home to parents of students who are absent for the day no later than 12:30 p.m.</p> <p>In addition, teachers communicate with parents of those students who are absent for the day to share any information on loss of learning opportunities and discuss how the learning can be made up.</p> <p>After three failed attempts to make contact, school administrator or designee conducts a home visit to do a wellness check and secure a completed absence verification form if it had not been completed by the attendance clerk.</p> <p>School Attendance Review Team (SART) <i>Notification of Truancy</i> letters are sent to parents of students with three or more unexcused absences in accordance with the attendance policy in the <i>Yav Pm Suab Academy Parent Scholar Handbook</i>. School Attendance Review Board (SARB) begins on the 9<sup>th</sup> unexcused absence at the board level for the appropriate action to address the student’s truancy.</p>		
6.2	Attendance Recognition Program	<p>At the beginning of the school year, and during the back-to-school night event, teachers inform their parents about the importance of daily attendance, attendance recognition program, and criteria for receiving the award every month throughout the school year. Information for this award is also sent home and posted on the website and social media for parents who are not present at back-to-school night to keep them inform.</p> <p>Perfect attendance recognition for students receiving 100% attendance rate begins the first week of September. The same recognition repeats every month throughout the school year. Parents of students who receive this recognition also receive a notification from the principal or designee acknowledging their efforts to support their student(s).</p>	\$1,500 4000's - \$1,500	Y

		<p>Students receiving repeated recognition receive a star next to their photos already posted on the wall of fame. Each student can potentially receive up to 10 stars next to their picture, representing 10 months of perfect attendance.</p> <p>Students receiving 10 stars are entered into a drawing to win a grand prize in June. The grand prize is announced by student council at the attendance awards assembly in October.</p>		
6.3	Parent Involvement & Engagement	<p>Parent involvement takes place in the following activities throughout the school year:</p> <p>School Events and Functions</p> <ul style="list-style-type: none"> <li>• Back-to-School Night</li> <li>• Parent Teacher Conference</li> <li>• Trimester Performances</li> <li>• Being-There and Being-Here Study Trips</li> <li>• Open House</li> <li>• End of Unit Celebrations,</li> <li>• Multi-Culture Celebrations <ul style="list-style-type: none"> <li>○ Hmong American Day</li> <li>○ Black History Month</li> <li>○ Lunar New Year Celebration</li> <li>○ Hispanic Heritage Month</li> </ul> </li> </ul> <p>Also, parent engagement is encouraged at school. Parents collaborate with school staff to generate the following educational workshops to support student achievement:</p> <ul style="list-style-type: none"> <li>• Literacy, Math, and Science Night</li> <li>• Attendance, SART and SARB</li> <li>• Lifelong Guidelines and LIFESKILLS</li> <li>• Discipline</li> <li>• Charter Petition</li> <li>• PowerSchool Parent Portal</li> <li>• MobyMax</li> </ul>	<p>\$3,000</p> <p>4000's - \$3,000</p>	Y

		In addition, parents participate in advisory and decision-making governing bodies such as the Academy Council (AC) and English Learner Advisory Committee (ELAC) to contribute ideas toward school operations that impact student learning.

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students for 2024-2025

Total Projected LCFF Supplemental and/or Concentration Grants	Projected Additional 15 percent LCFF Concentration Grant
\$666,188	\$0.00

### Required Percentage to Increase or Improve Services for the LCAP Year

Projected Percentage to Increase or Improve Services for the Coming School Year	LCFF Carryover — Percentage	LCFF Carryover — Dollar	Total Percentage to Increase or Improve Services for the Coming School Year
11.827%	0%	\$0.00	11.827%

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

## Required Descriptions

### *LEA-wide and Schoolwide Actions*

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #(s)	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
Goal 1 Action 1: Teacher Employment and Assignment	Credentialed teachers with English Learner Authorization are required to teach at YPSA.	The action serves as a process for hiring highly qualified candidates to meet the promise of the charter in placing the best teachers in front of students in every classroom.	Teacher Credential Log (Same as goal 1, 3, & 6)
Goal 1 Action 2: Knowledge of the Charter Petition	Implementation of the HET Body-Brain Compatible Education Model as promised in the Charter's Petition.	The HET Model enables all scholars to become competent in critical thinking, collaboration, creativity and communication, which are indicators of scholars prepared for the 21 <sup>st</sup> century (Wagner, 2008). Furthermore, an educated person listens, understands, and based on the knowledge and skills acquired, makes the best judgment in the interest of every situation to improve the world.	Classroom Walkthrough Observation Tool
Goal 1 Action 3: Support Personnel and Resources  Goal 5 Action 1: Support Personnel and Resources	Team of Personnel to carry out the day-to-day operation of the school.	The positions of the team are crucial for the successful operation of the school (Charter Petition, page 108 – 112)	Active Employee Roster from Payroll System (Same as Goal 3, 5, & 6)
Goal 2 Action 1: Scope and Sequence Conceptual Curriculum Map (BSM)	A teacher-created tool that provides a map of each concept, along with the key points, inquiries, being-there experiences, content standards, and a timeframe of when each component will be taught throughout the school year for classroom teachers.	The BSM also provides a listing of instructional resources and materials to be used to support teaching and learning and serves as roadmap for guiding the teaching and learning throughout the year (Charter Petition, page 64).	Grade Level Scope and Sequence Conceptual Curriculum Component Materials Order & Distribution Record

<p>Goal 2 Action 2: Technology Instructional Materials Distribution Plan</p>	<p>Use of technology to support teaching and learning in the 21<sup>st</sup> century.</p>	<p>At YPSA, every classroom is equipped with its own ceiling-mounted LCD projector, a document reader, and a mounted screen that allow teachers to use technology to support teaching and learning. Each staff member has his or her own laptop or desktop which allows access to shared documents and programs, making work more organized and efficient. YPSA has a 1:1 technology device available per scholar. In kindergarten to second grade, each scholar is provided his or her own iPad. Each scholar in third to sixth grade is provided his or her Page 56 of 154 own laptop. Each scholar has his or her own Google account that provides him or her access to Google Classroom and other Google resources. Technology is used for assessments that include the summative CAASPP, the summative ELPAC, the Interim CAASPP, the CAASPP Interim Block Assessment, the Northwest Evaluation Association (NWEA), Dynamic Indicators of Basic Early Literacy Skills (DIBELS), and Moby Max Assessments. The 1:1 technology device to scholar ratio, along with the high level of bandwidth, allows YPSA to function smoothly during testing time. During the 8:00 a.m. to 3:00 p.m. core instructional time, scholars use their technology device to support learning of the Common Core State Standards through online texts in the McGraw-Hill Reading Wonders Program and other online programs such Khan Academy, Prodigy, Epic Reading, and Studies Weekly. From 3:00 to 5:00 p.m., in the Achievement Through Technology (ATT) time block, scholars in first through sixth grade are also provided learning opportunities to practice Common Core State Standards in math and language skills through Moby Max, a webbased adaptive learning program. All these opportunities are made secure by the stringent network protocols we have implemented at</p>	<p>Grade Level Scope and Sequence Conceptual Curriculum Component Materials Order &amp; Distribution Record</p>
--	---	--	---

		<p>YPSA. The latest Microsoft Active Directory Domain Servers, coupled with a Lightspeed Systems Content Filter, are housed onsite. This allows internet connectivity to be encrypted and secured for the safety of staff and scholars. In addition, each device has a McAfee Antivirus Protection Program that detects and prevents viruses from infecting any devices. Each device is connected to our wireless access points. All wireless access points are password protected, and all outgoing and incoming traffic are monitored by the Lightspeed Systems Content Filter. Through the different levels of security, inappropriate sites are blocked, scholar and staff information are protected, and access is controlled. YPSA integrates technology into everyday teaching and learning. We are on our way to making sure our scholars become “digitally native.” (Charter Petition, page 55 - 56)</p>	
<p>Goal 3 Action 2: Health and Safety Plan</p>	<p>Support and resources for students and staff in social emotional, physical, and mental health and wellness.</p>	<p>Create a school environment in which scholars come to school every day feeling safe, welcome, and ready to learn. In that process, staff members will learn and use the names of each scholar. The staff will also teach and model the five Lifelong Guidelines: Trustworthiness, Truthfulness, Active Listening, No Put-Downs, and Personal Best. Staff members will also model and use the 19 LIFESKILLS. Living by these Lifelong Guidelines and LIFESKILLS, the staff, parents, and scholars can create a healthy and healing environment that eliminates bullying and replaces it with caring, friendship, compassion, and responsibility. (Charter Petition, page 112)</p>	<p>HET Environment Checklist and Health &amp; Safety Tool, Resource Inventory List,</p>

<p>Goal 4 Action 1: Data Collaborative Inquiry Process</p>	<p>Continuous improvement cycle process to guide teachers and administrators in identifying needs and strength trends.</p>	<p>The purpose of data analysis is to provide teachers opportunities to review feedback on the effectiveness of their teaching. Grade level teams, along with administrators, review the data results and look for trends in the data. Once the data has been analyzed, the team looks for possible causes of the disparities between teacher expectation and scholar performance using the data collaborative inquiry process. The collaborative inquiry process is a four-step process that includes: Step 1 – Assess, Step 2 – Plan, Step 3 – Act, and Step 4 – Reflect. (Charter Petition, page 68)</p>	<p>Student Benchmark Data Results and Classroom Observation Feedback Log</p>
<p>Goal 4 Action 2: Subject Content Professional Development and Training for Teachers</p>	<p>Adding and equipping teachers with best practices strategies in the four content subject areas including Designated and Integrated ELD.</p>	<p>Scholars are expected to master Common Core State Standards in English Language Arts (ELA), English Language Development (ELD), Math, Science, and Social Studies. (Charter Petition, page 29)</p>	<p>Professional Development Attendance Log and Roadmap to Realization of the YPSA Vision Goals and Outcome Comparison Measurement Tool</p>

<p>Goal 4 Action 3: ILP/SST Process</p>	<p>Scholars performing on or above grade level expectations.</p>	<p>The classroom teacher convenes ILP meetings to discuss the learning needs of the scholar, and together, the team develops an ILP, which is not an Individualized Educational Plan (IEP) developed for Special Education. The ILP is developed using data related to academic, social emotional, behavior, attendance, and other assessments such as NWEA, CAASPP, foundational skills, ELPAC, end-of-the-unit test, and BPST. The ILP includes goals, actions, timeline, and responsible persons. This plan is implemented collaboratively by the classroom teacher, parents and the scholar for eight weeks. Throughout this timeframe, the team members just mentioned meet every two weeks or more to review scholar academic achievement and progress toward the established goals. Adjustments are made as necessary to support the successful implementation of the plan.</p> <p>SSTs Interventions are intensive individualized interventions that are often longer in duration than ILP Interventions. Students receive this level of intervention when ILP Interventions have proven to be insufficient. During this intervention phase, instruction is provided on an individualized or small group basis. This instruction is tailored to the individual student's needs. This is not special education, but could include a special education-like service, such as service by the site's resource specialist in a coordinated services model. Examples of SST Interventions are 1:1 reading instruction, nursing assistance for a medical issue, home/hospital instruction, mental health counseling or an alternative school placement. These interventions are delivered as part of an individual intervention plan developed for each student." At the end of SST Interventions, the following decision points will be considered if: 1.</p>	<p>ILP/SST Implementation Log for Tier 2 and 3 Students</p>
---	--	---	---

		<p>Intervention is effective, then return to general education program; 2. Intervention is somewhat effective, then return to ILP intervention; 3. Intervention is minimally effective, then continue SST interventions for another cycle; 4. Intervention is ineffective, then refer for Special Education Evaluation.</p> <p>(Charter Petition, page 53-54)</p>	
Goal 4 Action 4: Common Core State Standard Practice	Provide ample opportunities for students to participate and engaged in common core state standard aligned learning activities.	<p>From 3:00PM to 5:00PM, first-sixth grade students participate in our Achievement Through Technology (ATT) block. First and second grade students use their own iPads and third through sixth grade students use their own laptops to connect with an integrated web-based learning program to practice their learning of the Common Core State Standards (CCSS).</p> <p>(Charter Petition, page 29)</p>	CCSS Student Practice Log
Goal 5 Action 2: Professional Development and Training for Administrators and Teachers	Building capacity in the Administrator/s of the school to lead the staff in the implementation of the programs described in the Charter Petition.	<p>Administrative support through observation and feedback is critical to achievement and progress at YPSA. In line with this notion, grade level teams meet with administrators to review and analyze previous scholar achievement data using the data collaborative inquiry process as mentioned in quadrant three to provide support for continuous growth. Administrators also meet with grade-level teams to review and provide on-going assistance to teachers in the effective use of the HET thematic unit planning guide. Daily 5-10-minute walkthrough observations and feedback are additional support administrators provide to teachers. Formal observations of 8-step lesson plans are scheduled throughout the year. Administrators observe, record, and conduct post observation conferences with teachers regarding lesson effectiveness and recommendations for next steps. Teachers who may need additional support receive one-on-one coaching. (Charter Petition, page 69)</p>	Professional Development Attendance Log (Same as Goal 4)

Goal 5 Action 4: Students and Staff Recognition Program for Outstanding Formative and Benchmark Assessment Results	Motivate students to meet or exceed the targeted expectations.	Success begets success. YPSA aims to celebrate the success of students and staff.	Student and Staff Formative and Benchmark Academic Achievement Recognition Log
Goal 6 Action 1: Attendance Plan  Goal 6 Action 2: Attendance Recognition Program	Ensuring students are in their seats daily and improve the schoolwide attendance from 92.5% to 98%.	To increase every student's learning opportunity so they can be on their way to becoming high academic achievers as stated in the school's mission statement.	Power School Weekly Attendance Report  and  Power School Monthly ADA/ADM by Grade Level  and  Student Absence Parent Contact Log & Power School Teacher Daily Attendance Submission
Goal 6 Action 3: Parent Involvement & Engagement	Students receive support at home that is structurally aligned to the teaching and learning at school.	Build educational partnership and to create a space for parents to engage in workshop and training to learn about the school's programs and to provide feedback or contribute ideas towards school improvement.	Power School Monthly ADA/ADM by Grade Level

Insert or delete rows, as necessary.

**Limited Actions**

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
Goal 1 Action 2: Knowledge of the Charter Petition, Item #16 – Designated & Integrated ELD  Goal 4 Action 2: Subject Content Professional Development and Training for Teachers	Teacher’s provide language practice and supports to ELs through the implementation of Designated and Integrated ELD.	Increase teacher’s knowledge of the ELD foundational theories, standards, and strategies to deliver high quality instruction for ELs.	Classroom Walkthrough Observation Tool

Insert or delete rows, as necessary.

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

N/A

**Additional Concentration Grant Funding**

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

N/A

<b>Staff-to-student ratios by type of school and concentration of unduplicated students</b>	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	[Provide ratio here]	1:18
Staff-to-student ratio of certificated staff providing direct services to students	[Provide ratio here]	1:18

# Local Control and Accountability Plan Instructions

[Plan Summary](#)

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

*For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [LCFF@cde.ca.gov](mailto:LCFF@cde.ca.gov).*

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

- Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (*EC* sections 52064[b][1] and [2]).
  - **NOTE:** As specified in *EC* Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to *EC* Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, *EC* Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.
- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA’s final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA’s diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

# Plan Summary

## Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA’s community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

## Requirements and Instructions

### *General Information*

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA’s LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

### *Reflections: Annual Performance*

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA’s annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;

- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

### ***Reflections: Technical Assistance***

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

### ***Comprehensive Support and Improvement***

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

#### **Schools Identified**

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

#### **Support for Identified Schools**

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

#### **Monitoring and Evaluating Effectiveness**

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

## **Engaging Educational Partners**

# Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC Section 52064[e][1]*). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

# Requirements

**School districts and COEs:** *EC sections [52060\(g\) \(California Legislative Information\)](#) and [52066\(g\) \(California Legislative Information\)](#) specify the educational partners that must be consulted when developing the LCAP:*

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

**Charter schools:** *EC Section [47606.5\(d\) \(California Legislative Information\)](#) requires that the following educational partners be consulted with when developing the LCAP:*

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and

- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 \(California Legislative Information\)](#);
  - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see [Education Code Section 52068 \(California Legislative Information\)](#); and
- For charter schools, see [Education Code Section 47606.5 \(California Legislative Information\)](#).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

## Instructions

### ***Respond to the prompts as follows:***

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

### ***Complete the table as follows:***

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

### Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

### A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process

- Analysis of challenges or successes in the implementation of actions

## Goals and Actions

### Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

### Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
  - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

### Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

**Focus Goal(s)**

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

**Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding**

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
  - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
  - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

#### Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

#### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

#### An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
  - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

**Note:** EC Section [42238.024\(b\)\(1\) \(California Legislative Information\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

## ***Broad Goal***

### Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

### Type of Goal

Identify the type of goal being implemented as a Broad Goal.

### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

### An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

## ***Maintenance of Progress Goal***

### Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

#### Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

#### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

#### An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

### ***Measuring and Reporting Results:***

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
  - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:

- The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
- The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

#### Metric #

- Enter the metric number.

#### Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

#### Baseline

- Enter the baseline when completing the LCAP for 2024–25.
  - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
  - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
  - Indicate the school year to which the baseline data applies.
  - The baseline data must remain unchanged throughout the three-year LCAP.
    - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
    - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.

- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

## Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

## Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

## Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

## Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2025–26</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2026–27</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2025–26</b> and <b>2026–27</b> . Leave blank until then.

**Goal Analysis:**

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

**Note:** When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
  - Include a discussion of relevant challenges and successes experienced with the implementation process.
  - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

**Actions:**

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

## Description

- Provide a brief description of the action.
  - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
  - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
  - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

## Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

## Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
  - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

## Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
  - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
  - Professional development for teachers.

- If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.
- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
  - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
  - These required actions will be effective for the three-year LCAP cycle.

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

### Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

### Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the

identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

***LEA-wide and Schoolwide Actions***

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

***For School Districts Only***

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

**Requirements and Instructions**

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

#### Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

#### Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

#### LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

#### LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

#### Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

## Required Descriptions:

### ***LEA-wide and Schoolwide Actions***

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

**Identified Need(s)**

Provide an explanation of the unique identified need(s) of the LEA’s unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

**How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis**

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA’s unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

**Metric(s) to Monitor Effectiveness**

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

**Note for COEs and Charter Schools:** In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

**Limited Actions**

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

**Identified Need(s)**

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA’s needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

## How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

## Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.
- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
  - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
  - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

## Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5

CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.

- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. *This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.*
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action’s number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering “All,” or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type “Yes” if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type “No” if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If “Yes” is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
  - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
  - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools.” If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans.” Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.

- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
  - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
  - **Note:** Equity Multiplier funds must be included in the “Other State Funds” category, not in the “LCFF Funds” category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA’s LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
  - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and

determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### ***Contributing Actions Table***

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
  - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
  - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

## ***Contributing Actions Annual Update Table***

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**

- This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).

- **7. Total Estimated Actual Expenditures for Contributing Actions**

- This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).

- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**

- This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).

- **5. Total Planned Percentage of Improved Services (%)**

- This amount is the total of the Planned Percentage of Improved Services column.

- **8. Total Estimated Actual Percentage of Improved Services (%)**

- This amount is the total of the Estimated Actual Percentage of Improved Services column.

- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**

- This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

## ***LCFF Carryover Table***

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**

- This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.  
  
The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- **13. LCFF Carryover — Percentage (12 divided by 9)**
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).
